Dear Zauberer Simabu,

the show you did for us on 22 October 2013 was excellent. Thanks for the effort you made to integrate the subject of our three day workshop into the content of your show. My international group appreciated the english language, as well as being involved in the act. I believe that the "5 minute taster" three hours prior to the show worked very well - it raised their expectations, which you certainly then managed to meet!

Best Regards,

Darren Kidney.
